DENTAL SYMPHONY HELPS SOLVE YOUR CLIENT'S PROBLEMS

CLINICALLY ADVANCED ONLINE FORMS

Staff focus on the patient and not the paperwork. We offer a HIPAA secure, online portal that works alongside any practice management system giving new and updating patients a modern, sophisticated and paperless experience; all while eliminating tedious daily tasks.

Create a passive stream of income by offering our online forms through your company!

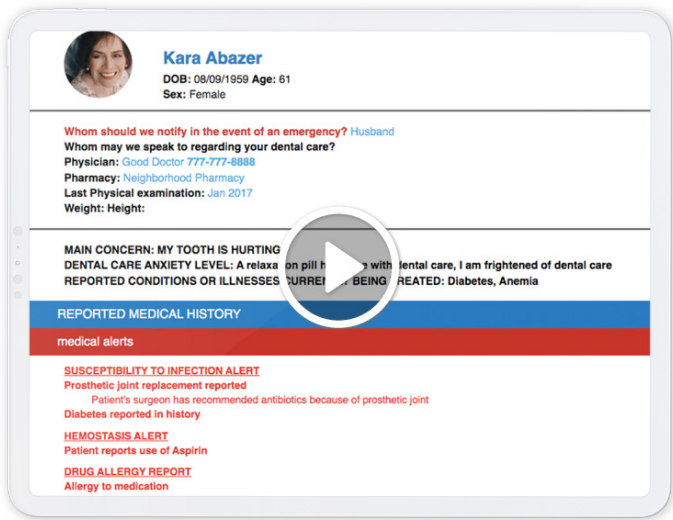

PEDIATRIC SPECIFIC FORMS

Our pediatric forms clearly indicate that the medical history is for children. Parents easily share information between siblings with our “Add Family Members” button, sign treatment authorizations and consent forms for minors and fill out a family information form.

OUR UNIQUE MEDICAL HISTORY SUMMARY

Immediately after a patient submits their medical history form on the portal, a summary is automatically created for every patient.

Dentists speak more confidently to their patient's physicians with Dental Symphony

DEMOGRAPHIC AND MEDICAL ANALYTICS

Track the number of newly created patients, analyze patient demographics by age or gender, understand patient portal engagement, review portal happiness ratings and more!

Study the demographics of medical conditions within a dental practice patient population.

Quickly see which major medical diseases are most common and what the top medications are being taken.

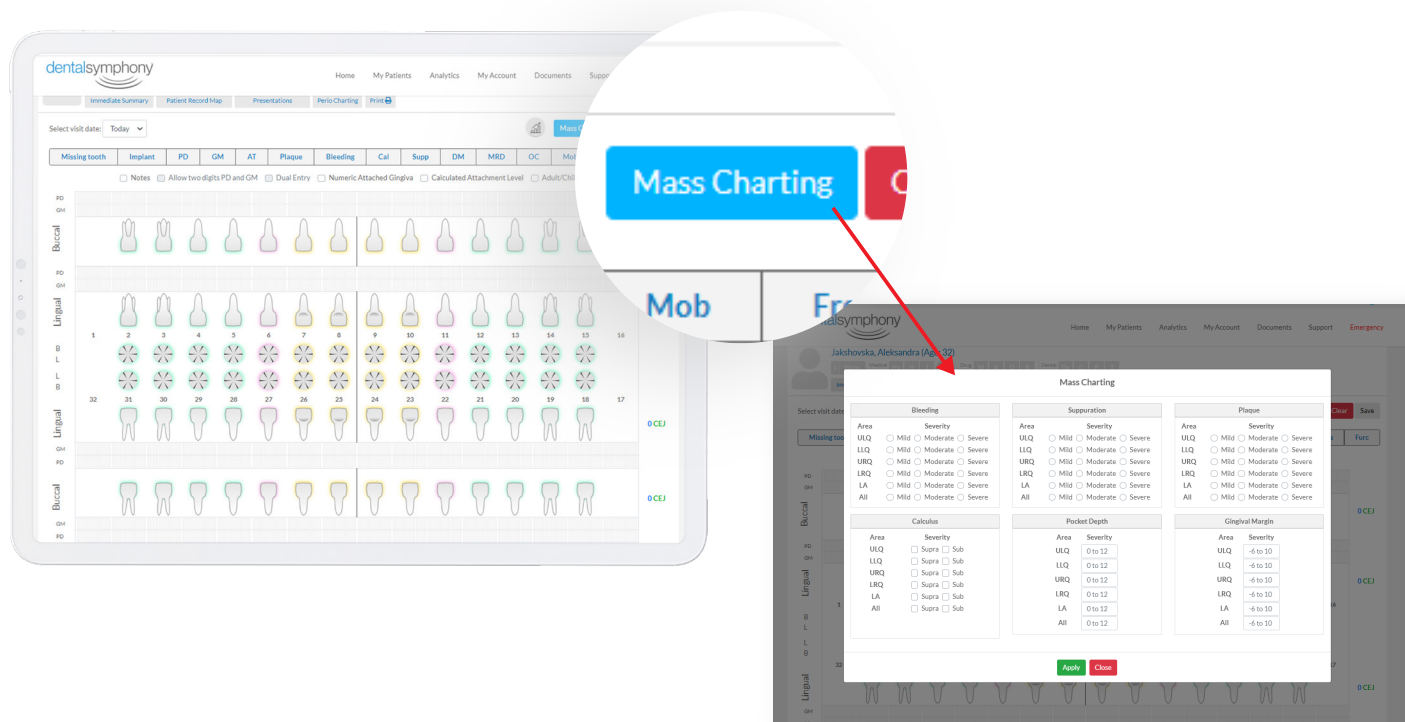

PATIENT PRESENTATIONS

Presentations helps to protect practices against liability claims by presenting a clinically logical record of the patient workup including essential elements to support treatment plans. Never again worry if patients have been fully informed.

CHART PERIOD IN SECONDS, SERIOUSLY!

A standalone periodontal charting system that is unmatched in ease, speed, power, and functionality. Dental Symphony's unique periodontal charting system includes the power to track changes over time and graph them. It is a powerful tool for periodontists, general dentists who address periodontal issues, and hygienists.
